BELLOWS FALLS NEWS

Replanting the Arch Bridge.

Several large piles of plank four inches thick are piled on Rockingham street opposite the end of the steel arch bridge across the Connecticut river. These are to be used in replanting the bridge for the first time since it was erected and opened to the public in March, 1905. The bridge is 641 feet long, the roadway 20 feet wide and the sidewalk six feet. The roadway is to be covered with the four-inch hemlock plank, while the sidewalk is to be two-inch plank, planed, also of hemlock. This will take a little over 60,000 feet board measure of lumber as they are to be laid on an angle which makes some waste. The lumber comes here from Bartonville by rail and three carloads have already arrived, about half the amount. The work is to be in charge of the selectmen of Walpole, that town paying two-thirds the total expense and Rockingham the other third. Should snow come soon the plank will not be laid this fall, but if not they will commence laying within a week or two.

Suit Because of Damage by Logs.

The suit of the town of Hartford against the Champlain Realty company for the destruction of a long bridge over White river at White River Junction last spring is of interest locally as the Champlain Real y company has been a subsidiary company of the International Paper company and has furnished a large part of the logs used here by them for making pulp and paper. The logs which are this week arriving here are a part of the same drive which broke loose at Sharon and coming down the river with the high water jammed against the bridge and destroyed it. The company lost nearly two million feet of the drive in the freshet. The question of liability to the town is an interesting one to be fought out in the courts. The suit probably will be tried at the December term of Windsor county court at Woodstock.

Rev. J. J. O'Brien Transferred to Castleton.

Announcement was made Sunday in St. Charles Roman Catholic church that Rev. Jerome J. O'Brien, who has been curate here for the past four years, has been transferred to Castleton, where he will be rector of the parish. This announcement was a surprise, coming as it did two weeks after the resignation of Rev. Edward Reynolds, who resigned November 16, after almost 32 years' service as rector of St. Charles parish. Rev. Mr. O'Brien has been very active in his work during his stay here and this was the first parish in which he had served. Rev. J. D. Shannon will serve without the assistance of a curate for the present, it is believed here.
